

FUNDING CANCER RESEARCH

one swing at a time

Every August for the past 43 years, the Killebrew-Thompson Memorial has gathered hundreds of like-minded individuals from across the country with one common goal in mind:

to find a cure for leukemia and other cancers.

KTM has become known as one of the leading fundraisers of its kind, having raised in excess of \$17.6 million for cancer research to date. Proceeds have gone directly to support research and care at KTM's two recipients: St. Luke's Mountain States Tumor Institute in Boise, Idaho and the Masonic Cancer Center, University of Minnesota in Minneapolis, Minnesota.

Becoming a part of this very worthy cause not only helps provide invaluable funds for cancer and leukemia research, but also means four days of fun and enjoyment for you and your guests in beautiful Sun Valley, Idaho. Join us. Together, we can take a swing at cancer!

You are cordially invited to attend
